

CAMP DISCOVERY

PROGRAM POLICIES

ADMISSION

Students must be entering 6th, 7th or 8th grade.

Certain risks may be involved in each course described herein. Polaris Career Center shall not be liable for any losses or injury whatsoever to persons or property arising from enrollment in any course described herein. By registering for a course, the registrant acknowledges the assumption of those risks and releases Polaris Career Center from any liability whatsoever. Students enrolled in Camp Discovery are subject to Polaris Career Center regulations and policies, including those pertaining to student discipline.

TUITION AND FEES

Payment of registration fees must be included with your application at the time of registration. There will be no discounts or fee waivers.

ROOM ASSIGNMENTS

Room assignments will be posted in the first floor Commons the first day of class. Staff and teachers will be available to guide students to the rooms.

CANCELED COURSES OR CHANGES

Polaris Career Center reserves the right to close or cancel any course prior to the first class meeting. In the event a course is canceled, you will be notified and a full refund will be given.

WITHDRAWAL AND REFUNDS

If it is necessary to withdraw from a course, immediately notify Polaris Career Center either in person or by phone at 440.891.7666. Once classes begin, a withdrawal will not be refunded. If we are unable to accommodate your child in a course, or a course is canceled, a full refund will be made within 4-6 weeks.

STUDENT DISMISSAL

The instructor reserves the right to dismiss a student from his/her course if the student demonstrates a behavior problem (no refund will be given). A Polaris administrator will contact the parents when a problem arises in order to give the student an opportunity to resolve the situation.

QUESTIONS?

Call 440.891.7666.

DEADLINE TO REGISTER IS Friday, June 3, 2022

Applications will be processed on a "first come, first served" basis. Late registrations will be considered based on availability as class sizes are limited.

Register online at www.polaris.edu/campdiscovery

Note: Camp Discovery classes are only available to students who live in the following school districts – Berea, Brooklyn, Fairview Park, North Olmsted, Olmsted Falls and Strongsville.

In accordance with Title VI Americans with Disabilities Act, Title IX of the education Amendments, and Section 504 of the Rehabilitation Act of 1973, Polaris Career Center's policy prohibits discrimination on the basis of race, color, sex (including sexual orientation and gender identity), national origin, religion, veteran status, disability, ancestry, economic status, military status, or age in its educational programs, activities, services or employment policies.

The Board does not discriminate on the basis of legally acquired genetic information. If you are having a problem or have questions or concerns regarding compliance with Title IX or Section 504, contact: Assistant Superintendent, Title IX or Section 504 Coordinator 440.891.7600

Backyard Gaming

Enjoy the great outdoors! Learn basic tooling skills to design and create a summer outdoor game, such as ladder golf, using wood and PVC pipes. Throughout the week, you'll use basic tools, such as a drill and hacksaw, to build and create your own game.

Culinary Creations

Never go hungry again! This summer, you'll master new baking and cooking skills each day by creating scrumptious snacks and treats, mini meals and delicious desserts. NEW recipes every day!

Junior Police Academy

Spend the week exploring the action-packed field of criminal justice and experience what it's like to be an actual police academy cadet. This hands-on class covers basic police patrol techniques, equipment (including a police car!), driving and situation simulators, police and military marching/maneuvering, the 24-hour clock, police radio procedures and fingerprinting (how to take and lift them). You'll also fill out a child ID kit and observe a police dog (K-9 Unit) in action.

- K9 Demo and police car are subject to scheduling & are not guaranteed
- A signed participation waiver is required

Machining Madness

Using state-of-the-art machining equipment, you'll be transported to the exciting world of manufacturing! Early on, you'll be introduced to basic blueprint reading and measurement skills. At the culmination of camp, you design a customized part, create a cutter path and then operate and manufacture your creation using MasterCam (computer aided machining) software and modern CNC (computerized numerical control) machining technology. Get your ideas ready — this is where imagination and automation meet!

Mini Makeover

Whether you would like a mini makeover or want to learn new professional techniques, come and discover beauty salon secrets including hair, skin and nail care in our fabulous new salon, *Salon Allure*. Learn to look your BEST!

Start Your Engines

Join the pit crew tire change challenge! Let a master certified automotive technician "steer" you in the right direction! Perform a vehicle inspection including roadside safety. Change a tire, change the oil and fluids, replace the wiper blades, batteries, filters and much more.

Taking Care of Business

This action-packed class will get you on track for business success. After basic keyboarding mastery, you begin the budgeting process using the interactive budget game to help you manage income and expenses while juggling real-life scenarios (both planned and unplanned) – this is FUN! Using an online personal finance tool, we introduce you to the stock market and help you build an investment portfolio (with careful research) which includes stocks, bonds and mutual funds. Come ready to invest in YOUR success!

Young Broadcasters

Learn the basics of video equipment operation, working as on-camera talent and video editing by creating a commercial for your favorite everyday product! At the start of camp, you will select a product which meets certain criteria and specifications. Throughout the week, you will practice many aspects of video production as you create your commercial.

STEP INTO STEAM

Check out our exciting line-up of fun summer STEAM (science, technology, engineering, art & math) learning opportunities!

Bio-Medical Mania

Discover the exciting field of human medicine and explore physiology, microbiology, public health and much more! This hands-on class includes animal dissections, blood pressure, EKG and biometric testing. Bio-Medical Mania will prepare you for the "Project Lead the Way" Biomedical Science curriculum where big ideas come to life!

Crime Scene Investigators

Did you ever wonder what it was like to be a forensic detective? Get involved in some fun activities and experiments to bring out the inner detective in you! Activities will include fingerprint analysis, hair microscopy, blood splatter analysis, DNA extraction, decomposition rates and crime scene investigation.

DNA - What's the BIG Deal?

Throughout the week, you will learn to model DNA and do wet labs where you extract DNA and perform a DNA fingerprint. The class includes discussion of current DNA technologies and important ethical considerations.

ESTEAM Creations

Calling all creators! In this class you will learn how to create, market and maybe even sell some of your own creations and inventions!! You will learn how to use Cricut machines, editing software and a heat press. You'll also design a fun marketing poster with a personal logo, create a unique color changing cup, a key chain and heat press your very own custom-designed t-shirt. Learn what it takes to be a successful entrepreneur! *This class combines science, technology, engineering, arts, and mathematics under the lens of entrepreneurship. NEW projects everyday!*

Robotics & Drone Technology

Discover the world of robotics, engineering, and coding with the VEX Robotics Design System. Oh, and we'll explore drone technology too! This hands-on class will give you a chance to build a frame and base for your robot and engineer wiring as well. During class, you'll work in teams to adapt the robot in a competition setting using the ROBOTC software. Get ready to COMPETE and WIN!
