Spending money and meals

All meals are taken care of through the tour company. Extra money for food is only needed if students want to purchase dessert or extra snacks.

We will be shopping at a row of kiosk shops in front of the White House. These places have very similar items and are pretty inexpensive. Students may choose to purchase souvenirs at these kiosks. \$5-30 should be plenty for a variety of items.

There may be other opportunities to purchase souvenirs at other places, but will be more costly.

Please read and discuss the policy with your student. It is important that we have full cooperation with everyone.
