EXPENDITURES

The adopted budget approved by the Board on June 27, 2023 is \$26,941,958 plus carryover encumbrances of \$435,895 for a total appropriation of \$27,377,853. The following information is a financial update of the status of this appropriation through August 31, 2023.

Through August 31, 2023, the District expended \$3,950,167 and had outstanding encumbrances of \$3,211,086. This total of \$7,161,253 reflects 26.2% of the District's total appropriation. A statistical comparison for the District is based on time elapsed - which is two (2) months (or 16.6%) of the fiscal year has passed. Overall, the District's encumbrance/expenditure level is slightly higher than the timeline, but the increased amount of open purchase orders at the beginning of the fiscal year can increase the expended-encumbered percentage.

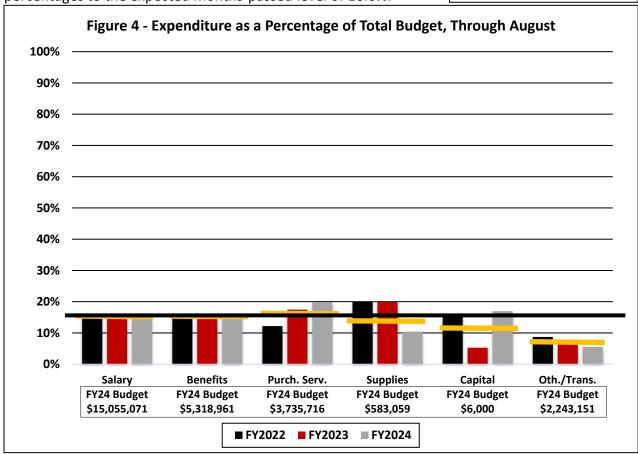

Figure 3 shows the categorical expenditure amounts as dollars spent through August of the current year compared to the last two fiscal years. The three years of data are beneficial for trend analysis performed throughout the year.

July 1, 2023 - August 31, 2023 Financial Report

Figure 4 measures a three-year history of the percentage of budget spent per category through August, and then compares the percentages to the expected months-passed level of 16.6%.

Commentary on each expenditure category outlined in Figure 4:

Salary: In line with previous years and expected budget.

Benefits: In line with previous years and expected budget.

Purchased Services: Increasing when compared to previous years due to contracted

education services.

Supplies & Materials: Trending lower than expected budget.

Capital Outlay: In line with expected budget.

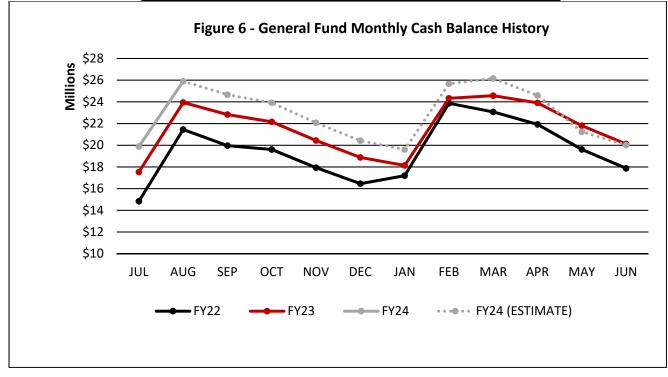

Other/Transfers: Trending lower than expected budget.

CASH BALANCE

The cash balance as of August 31, 2023 is \$26,051,533. The unencumbered balance as of August 31, 2023 is \$22,840,447. See Figure 5 for the cash balance calculation. See Figure 6 for a monthly history of ending cash balances. A bare minimum/emergency cash reserve benchmark for school districts is having at least 60 days of operating cash on hand, which at this point in time averages approximately \$4.5 million dollars. Currently, the District has approximately 348 days of operating cash on hand, which is above the benchmark. However, much of this excess cash balance will be used in future years to help pay down the district's long-term debt, which totals approximately \$69 million and extends into Fiscal Year 2052.
